Prior to examination of the application on the merits, please enter the following amendments:

**I. AMENDMENTS****IN THE SPECIFICATION**

Please replace the paragraph beginning on page 1, line 3, with the following rewritten paragraph:

**-- CROSS-REFERENCE**

This application is a continuation of U.S. Application serial no. 09/254,988, filed June 11, 1999, which was a national stage filing under 35 U.S.C. §371 of PCT Application No. PCT/US97/16523, filed September 18, 1997, which International Application was published by the International Bureau in English on March 26, 1998; and which is a continuation-in-part of U.S. Application serial no. 08/717,084, filed September 20, 1996, now U.S. Patent No. 6,225,290; which applications are hereby incorporated by reference herein and to which applications priority is claimed. --

**IN THE ABSTRACT**

Please enter the following text:

-- The present invention provides methods of delivering a secreted protein into the bloodstream of a mammal. A nucleic acid molecule encoding the protein is introduced into the gastrointestinal tract of
